## SOLIDARITY WITH EAST EUROPE

In response to the January 1990 circular, many communities made February 11 a special day of prayer and gratitude for our sisters and all people of East Europe. Our sense of unity with one another was strengthened by this congregation-wide remembrance. Your response also to the newly established East European Fund is appreciated. These monies, currently \$360,000 will be used to help our sisters in East Europe reestablish themselves in community and in ministry
